

Chapter 7 Shock

Research the four types of cardiovascular shock:

1. Cardiogenic Shock
2. Hypovolemic Shock or Hemorrhagic Shock
3. Neurogenic Shock
4. Septic Shock

Write a compare-and-contrast essay. Please make sure to include all four types of cardiovascular shock in your paper. This should be a 2-page (double-spaced/12-font) research paper. This will count as an exam grade.
